the Cost being met by the mcl & the Govt in equal proportions.

6) The work was not taken up by the mcl as they were urging for underground drainage on a reference received from the Dy Comm, Hassan Dt, Govt in their letter no L 14594/mcl 45-47-21 dt 16 3 48 directed that the underground drainage work need not be taken up & that the surface drainage work which is sufficient may be taken up "G"

7) As the estimate was prepared in 1944 was unworkable, a revised estimate for Rs 1,04,190 based on the current schedule rates was prepared by the Sanry Engineer. The mcl have agreed to meet half the cost of the estimate as revised

8) According to the above proposal, the mcl have to pay Rs 52,095. Out of which the mcl have resolved to pay Rs 15,000/- now available in Savings Bank, & the balance of Rs 37,095 in 8 annual instalments

9) They have requested Govt for an additional Grant (Rs 52,095) equal to half the revised estimate

10) The Chief Engineer for Roads & Buildings to whom the estimate was referred has corrected it to Rs 1,02,550 after scrutiny.

11) The difference between the estimate as sent up by the Dy Commr, Hassan Dt & the one as corrected by the Chief Engineer is Rs 1640

14) According to the Corrected estimate, the mncl have to pay Rs 51,275 being their half share

13) After paying Rs 15,000/-, the mncl have yet to pay Rs (51,275 - 15,000) 36,275 in 8 annual instalments as proposed by them Govt will have to bear equal amounts thereby the Govt half of the expenditure of Rs 51,275/-

14) The financial Condition of the Belur mncl as on 48-49 is as follows -

Opening balance	Rs 16,221
Receipts	39,875
Total	Rs 56,096
Expenditure	54,516
Closing balance	Rs 1,580

15) A specific item of income earmarked for the payment of the balance of their share of the cost (Rs 36,275 as corrected) has not been stated

towards the work immediately, and to pay the balance in eight annual instalments? It is not clear whether such an arrangement can be accepted, unless of course the work itself is spread over eight years and is financed as well as the yearly contribution is paid each year

Rs 20/6/49

17) The estimate sanctioned in 1944 for the surface drainage scheme for Behar Town was for Rs 3,5,35/-

18) The same has been revised on the basis of the current schedule rates & it amounts to Rs 1,04,190 As corrected by the C.E for R&B it amounts to Rs 70,250.

19) The M.L.A. have now resolved to meet half the estimated cost, paying a lump sum Rs 15000/ now & the balance of Rs 36,875/- in eight annual instalments. No loan has been asked for to meet the portion of the cost

20) The first share of the cost comes upto Rs 5,7,875/-

21) For one point, it has to be stated that within the space of ~~five~~ years

the revised estimate has trebled itself. It is indeed very costly for a small unit like Belur town, such a heavy amount would be spent only on the Surface drainage Scheme which may have to be replaced by the underground drainage system later on when the Board has also no money to meet its portion immediately. Having regard to all the above facts, it is for orders if the work may not be deferred for the present so that we need not to proceed to garner up some by imposing additional resources in order to enable it to finance the scheme as well.

The revised estimate as revised by the Chief Engineer is for Rs 1,02,550

The Municipal Council has to pay Rs 15,000 and the balance in eight annual instalments, and no loan is sought for. The Govt share of the cost will be Rs 51275- The amount which the Municipal Council is proposed to raise is by loan

Sir,

Revised estimate for the surface Drainage scheme in Belur Town

---

I have the honour to state that an estimate for Rs 39,930/- for the comprehensive drainage scheme for Belur Town was sanctioned by Government in their order No L 2093-C/ml 77-43-16 dated 18-2-1944 The execution of this scheme was deferred since the Municipality was urging for underground drainage and the Government have directed that surface drainage work is sufficient and it may be taken up The cost of the scheme has to be met in equal proportion by Government and the Municipality Since the estimate was prepared during 1944 a revised estimate for Rs 104100/- was sent by the Sanitary Engineer for countersignature and return with funds to meet the extra cost The Municipal council have resolved at their meeting held on 27-2-1949 that the revised estimate may be countersigned As this resolution was not specific as to how the Municipal council propose to meet the extra cost a definite resolution was called for They have agreed in their resolution dated 13-3-1949 to meet half the cost of the revised estimate, to pay Rs 15000/- now and the balance in 8 instalments every year

I request that sanction of Government may kindly be obtained to the resolution of the Municipal council and for an additional grant from Government equal to half of the revised estimate

Copies of resolutions, revised estimate and plan are enclosed

Yours faithfully,

for Assistant Commissioner, for Deputy Commissioner,

Sir,

With reference to your letter No MBC 1785/48-49 dy 20-4-49 forwarding for sanction a revised estimate for Rs 1,04,190 for the surface drainage scheme in Belur Town, I am directed to state that Govt observe that the present scheme is too expensive for a small village like Belur & that the proposal may be deferred for the present till the finances of the village improve and the present high cost of materials and labour comes down. The records accompany
